

Can Storage Doesn't Have To Be A *Balancing Act*

www.NewAgeIndustrial.com

Three-Heights

Eliminate searching through piles and piles of unorganized stock and crowded shelves. Now you can store a **LARGE** amount of cans in a **SMALL** amount of space!

New Age Can Racks provide easy can access and selection for convenient inventory control. Each unit provides automatic stock rotation, when loaded from the rear, facilitating "first-in, first-out" inventory control.

Available in three different heights, New Age has a Can Rack to accommodate *your* needs.

User-Friendly

Extended inclined angle guides provide easy, one-handed, can access. Cans are extended outward and are easily removed.

Each unit is all welded with all seams fully welded and sealed, providing a smooth, easy to clean surface.... Leaving no cracks or crevices to trap dirt!

Racks are designed with an extended leg base that helps prevent tipping and maximizes rack stability. All stationary units come equipped with four, NSF Certified adjustable feet. Mobile units are equipped with four platform casters, two with brake.

GUARANTEED

Like all New Age products, our Can Racks are built to last... We Guarantee It!

Each unit carries a Lifetime Guarantee against rust and corrosion as well as a Five-Year Guarantee against material defects and workmanship.
