

Crimsco Inc. Correctional Meal Delivery Systems

IMC-48-1014 Shown

IMC-1014 Series Meal Delivery Cabinets

These rugged, built to last delivery carts are fully insulated and are designed for secure, fast meal delivery service.

These carts are not just some restaurant style cart with security features attached. Our carts are manufactured from the ground up specifically for the correctional field.

Our reinforced fully welded base and integral Dual layer fully welded corner post design insures the elimination of any cabinet torque during transport.

Our top mounted forced air heating system is designed for superior heat temping times as well as fantastic heat retention. Our easy to use controls make using this cart as easy as a push of a button

The bottom line is, your environment is tough! Our standards are even tougher!
