SCHOOLS  
COLLEGES  
UNIVERSITIES  
DAY CARE CENTERS  
CHURCHES

Cleaners, disinfectants, floor care and specialty chemicals to help create healthier and safer learning environments.

**Nyco**<sup>®</sup>

## LEARN & GROW

Clean, healthy schools provide students with a safe place to learn and grow. When students catch germs at school they get sick and stay home. When they are sick and absent from school, they learn less. You can pave the way for every student in your school to achieve their learning potential by providing cleaner, safer, healthier educational environments.

## LEADERSHIP

Nyco has been a leader in commercial cleaning since 1920. With nearly a century of experience, we know what's important in facilities maintenance and understand the needs of educational facilities. Our strong company values and commitment to customers and employees has enabled us to thrive and grow, serving increasingly more school districts year after year. Nyco's core business values include a partnership with customers and environmental stewardship.

## SOLUTIONS

Nyco manufactures national brand and private brand products that help keep students, faculty and staff cleaner, healthier and safer. Our product solutions cover key rooms and areas in educational institutions.

- High Touch Areas
- Restrooms
- Gymnasiums
- Grounds & Operations
- Green Cleaning Solutions
- Classrooms
- Floors
- Food Service
- Entrances & Hallways

*"Students and staff thrive in a healthy, clean, and safe environment"*

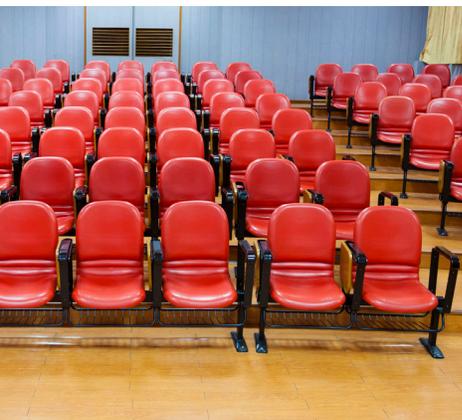

## PARTNERSHIP

According to the *Planning Guide for Maintaining School Facilities*, "School facilities maintenance affects the physical, educational, and financial foundation of the school organization and should, therefore, be a focus of both its day-to-day operations and long-range management priorities."<sup>1</sup>

- We partner with school facility maintenance staff to help plan and workload maintenance tasks, to **improve productivity** in your buildings
- We provide technical **support and procedural training** for school employees and workers
- We understand budget constraints and help you find ways **to do more with less**
- Our disinfectant products help prevent the spread of germs, creating healthier learning environments and **reducing absenteeism** for students and staff
- Our floor care products create clean, shiny floors that help **reduce slip and fall accidents** in your building
- **Our green cleaning solutions** are Green Seal™ and/or DfE certified, and meet Healthy Schools Program criteria for cleaner schools
- Our marketing support includes wall charts, job cards, cleaning frequency charts, training literature, a comprehensive website with SDS and product directions, and calculators for chemical management systems
