

Serving up quality & reliability

SMART-THERM®

Induction Charger

The Smart Way to Heat Up Your Meal Service

The Dinex Smart-Therm is an induction system for demanding foodservice traylines and room service operations. This charger promotes greater operational efficiency, enhanced food quality and an elevated dining experience for patients.

Features & Benefits

- **Prolonged Heat:** Base holds the food temperature between 45 to 60 minutes above 140°F based on menu, starting food temperature and plate temperature.
- **New Smart Base Life Tracker:** Informs users when to replace induction bases for better budget planning and operation efficiency.
- **User-Friendly:** Easy to use with a larger, clear LCD screen, compact footprint, preventive maintenance alerts, and automatic base detection with no mechanical switch.
- **Operational Efficiency:** Assemble up to three trays per minute with lean tray assembly system.

Safety

Safe to use, the base remains cool to the touch even after charging

Smart Boosting

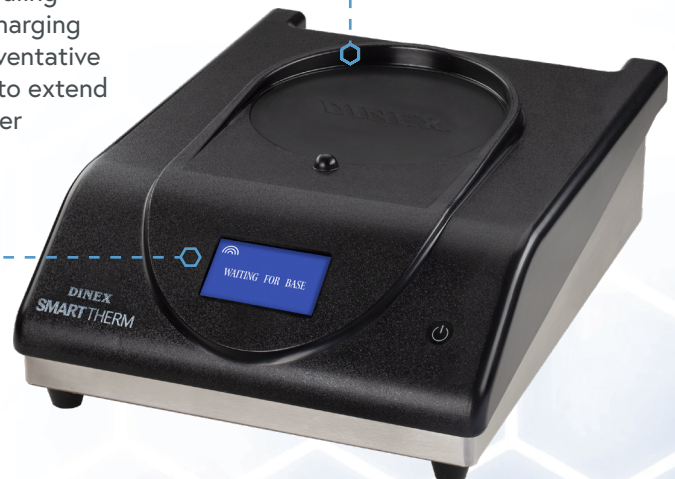

Automatically senses base, gives the correct amount of heat and consistent temperature every time

Easy-to-Use

Raised rim for easy base placement

User-Friendly Display

Lighted display revealing clear instructions, charging time status and preventative maintenance alerts to extend the life of the charger
